

ON HOLIDAY

CARAVAN BROKEN DOWN!!

Getting ready to tell the family that the holiday is over before it has begun because it can not be fixed

Then just consider this for a few moments. The **MCEA** is a network of highly skilled mobile caravan workshops operating throughout the UK. You most likely are already aware of us, maybe we serviced your caravan or we supplied your motor mover.

Well we wish to further cement our relationship with you, our customer, and we have set up a new, different, caravanners club for MCEA customers.

CLUBMCEA The idea is simple. You the caravan owner join **CLUBMCEA** and receive a range of benefits, including **"unlimited discounted"** call outs on holiday

The subscription is absolutely free with you only paying if you need the service and you call an engineer.

Unlike an insurance style cover where you could pay say £50 or £60 per year and get a half hours call out, with the **CLUBMCEA** you do not pay if you don't use it.

It is a bit like **"PAY AS YOU GO"** **breakdown cover.**

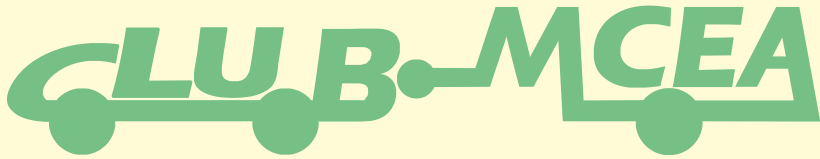

So before you sign up for an insurance style subscription that you may not use have a look at **CLUBMCEA.**

So why are we doing this. Well we want you to use our engineers for breakdowns as we hope that some of you will use us for an annual service, that you will consider us when getting a new motor mover or tracker system.

See over the page for details of joining and some of the other benefits from **CLUBMCEA**
